

Membership-Donation-Volunteer

Sunbury Shores Arts and Nature Centre is a not-for-profit organization that has, since its inception in 1964, relied heavily on the financial and volunteer contributions of our members to implement our mandate- *exploring the connections between art and nature*. Such contributions assist us to offer programs, courses, and workshops not only for those in our local area but also for those who wish to visit us from distant locales.

Members receive charitable tax receipts, the member rate on courses, workshops and events and invitations to special events, 'private viewings' and our Annual General Meeting. We encourage you to **join and/or renew** your membership by calling us, completing this form, or mailing us.
